Twin Bridges

By Mrs. Esther Horrick

Our deep sympathy goes to the family of Mrs. Hazel Newton who passed away at Mercy Hospital Wednesday, Oct. 17th after nearly 6 weeks illness. She was taken to New Boston for burial. She was a Twin Bridges resident for a number of years the year around. We will miss her sunny smile.

Miss Patricia Howell spent the weekend at her parents' the Del Howells and had four girl friends as guests, all of Detroit. They entertained themselves by sight seeing and horse back riding.

Mr. Dick Werners and family and Mr. and Mrs. Moore who purchased the Chris Jensen cabin all spent the weekend at their respective cabins. All are from Detroit.

Mrs. Ethel Morris went into the hospital last Wednesday. Hope you soon will be better and back home Ethel.

Mr. and Mrs. Fred Herrick and Mr. and Mrs. B. J. Mundt went to Millington to Mrs. Herrick's sisters, Mrs. Chas. Howard's, to hunt pheasant, but due to so much rain returned home the same day. No hunting.

Mr. and Mrs. Bill McCann and Mr. and Mrs. Ken Cavanaugh of Birmingham spent a week at the

Cavanaugh cabin, the men doing partridge hunting and getting quite a few.

George Olney and friend of Detroit spent a week at his cabin doing bird-hunting and doing real good.

Mr. and Mrs. Elmer Gerhard are spending a vacation in Detroit with their children and also some friends.

Mr. and Mrs. Chas. Cummings of Van Netten Lake near Oscoda, spent a pleasant afternoon with the Fred Herricks. They are long-time friends of Mrs. Herrick's.

Tuesday last, Mr. and Mrs. Raymond Jackson went hunting with Mr. and Mrs. Bob Glasser of Gaylord, then were invited to Mr. Glasser's cabin for a Moose dinner. Saturday Mr. and Mrs. Jackson and son went to a friend's home in Akron to hunt pheasants and had luck. Also they had Mrs. Jackson's sister, Mariene Thorne from Detroit visit them.

CARD OF THANKS

Our deepest gratitude is extended to the Sisters, nurses, doctors and staff at Mercy Hospital for their tender and excellent care of our wife and mother during her long illness, to the ministers and priests for their visits, and to everyone for their kindness and sympathy in her passing.

The family of Lillian Gierke

Bits O' Talk

Mrs. Raymond Trudgeon of Sault Ste. Marie arrived Thursday evening at her son Jack's home, and on Friday morning they left for Detroit to attend the funeral of his cousin, William Miller, who was killed in a car accident October 11th in Traverse City.

Mr. and Mrs. Jerome Kessler attended the Homecoming parade and events at Central Michigan University at Mt. Pleasant Saturday, and visited their son Jim.

Miss Ruth Kernosky invited in several friends to help her celebrate her birthday anniversary Tuesday of last week, October 16th.

Mr. and Mrs. Roger Nelson came up from Alma to visit her parents, Mr. and Mrs. Joe Renaud, over the weekend.

Mr. and Mrs. Horace Lowe of Ft. Wayne, Ind., were guests of her brother and wife, Mr. and Mrs. George Griffith, from Wednesday over a long weekend. Previous to that, Mr. Griffith was bird hunting in Mecosta and Newago counties with Mr. John Keen of Big Rapids, who is general manager of the Wolverine Cooperative Electric Association. The subject of right-of-ways came up, and Mr. Keen showed Mr. Griffith some slides, taken both before and after, of the Coop's lines, which are kept clean by spraying.

Because of this county's recent experience along similar lines, Mr. Griffith was interested to find that the Wolverine Association's method was to do the spraying before brush became more than head high, and to exercise considerable care in the extent of the spraying. After viewing the slides he had no criticism of the results.

Mr. and Mrs. Clifton Jacobs were in Alpena Tuesday of last week to attend the funeral of his brother, Maurice W. Jacobs of Clawson, who passed away unexpectedly on October 13th while in the hospital for a check-up.

Guests of Mr. and Mrs. Jacobs last Thursday and Friday, were her sister and husband, Mr. and Mrs. E. V. Myers of Pontiac.

Mr. and Mrs. Bill Joseph and family spent Saturday and Sunday at Eaton Rapids visiting her parents, Mr. and Mrs. Vern Huntington, and while there Mr. Joseph and son Bill did some pheasant hunting. The previous weekend the Josephs spent at Lansing, attending the Michigan-Michigan State football game and visiting her brother Clair Huntington and family.

Mrs. Eldee Swanson enjoyed a visit from former classmates of her graduating class at Honor Mrs. Merlin Lautner, Mrs. Paul Hanson and Mrs. Forest Wright of Traverse City.

A card from the Henry Colliges, Sr. notifies us that they have gone to Battle Creek for the winter months, after spending since spring at their rural Roscommon address.

Mrs. Harold Walker and Mrs. Robert Strong were in Saginaw on Friday for the day.

Donald Leslie is a third-year student enrolled in the mechanical engineering course at the Soo branch of the Michigan College of Mining and Technology.

Mrs. Jim Forbes left Friday for Detroit to spend several days visiting her daughter, Pat Kitchen and Julie, and son, Jack Forbes and family.

Mr. and Mrs. Ted Durga of Traverse City were Sunday visitors at the Kenneth Ashton home.

A group of lumberjacks are shown above piling logs in Crawford County at about the turn of the century. From the men some idea of the size of the logs can be gained. This picture was furnished to the Avalanche by Mrs. O. N. Nicholson of Birmingham and summer resident at Lake Margrethe. Onalee Smith says that her father, Oscar Smith, in comparing last week's picture with some of his own, identifies the lumber camp pictured as the Beaver Creek camp.

"I like the way modern concrete roads keep their riding smoothness!"

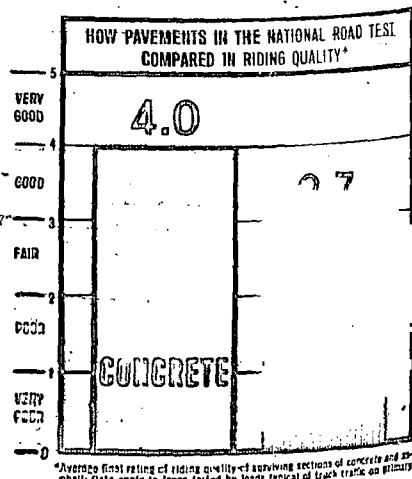

The National Road Test confirms for taxpayers that concrete provides lasting riding quality.

Concrete and asphalt were tested side by side on 5 loops in the recent National Road Test, sponsored by the American Association of State Highway Officials. Loaded trucks traveled 17 million miles over the hundreds of pavement test sections.

At the end of test (two years of traffic), the surviving sections were measured for riding quality. Concrete averaged "very good." Asphalt averaged "fair."

It's with good reason that concrete is preferred for important roads such as state primary routes. The low upkeep cost of concrete saves taxpayers money year after year.

Non-Partisan Ballot Important . . .

Another of the three ballots that you will vote on in November General Election on the 6th is the non-partisan ballot. Although only a few men are listed on this ballot, it is exceedingly important especially to upstate citizens.

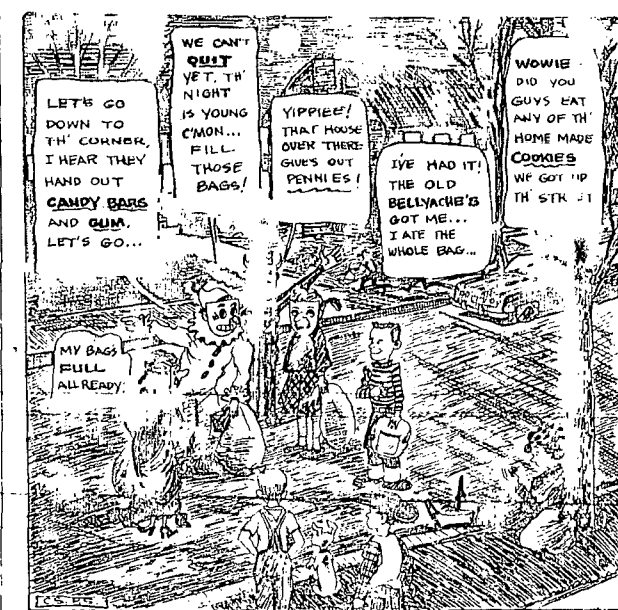

The candidacy of Michael D. O'Hara of Menominee and Judge Louis D. MacGregor of Flint for the State Supreme Court has all but been lost in the hubbub over the two candidates for Governor. Both men are highly qualified for seats on the Court. Both men were selected at the Republican State Convention to stand with an extremely strong GOP slate.

It should be easy for outstate voters to pick out the candidates they wish to vote for. The two men listed as incumbents are 100 percent in favor of reapportionment on a strictly population basis. For the voters of this area to cast a ballot for either incumbent is simply voting away his representation in Lansing.

In 1952, the voters of Michigan voted overwhelmingly to approve reapportionment on both a population and area representation. This did not satisfy the political machine that practically controls Wayne County and the heavily populated metropolitan area. Leaders told members of their special interest group to disregard the voters' decision and press on for their particular plan which would give their area as good as complete control of the State of Michigan.

Early this year, this very thing was accomplished. The two incumbent justices sided with the majority in

HALLOWEEN TREATS . . .

what certainly appeared to be a party line decision. There can be no doubt in an outstate voter's mind what these two Supreme Court Justices will do if re-elected. With all this in mind, we can see of no reason why an outstate Michigan voter should not cast his ballot on November 6 for Judge MacGregor and Michael D. O'Hara for Michigan Supreme Court Justice. R.W.S.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

October 26, 1939

Tuesday the fire siren was moved from the local telephone office to the City Hall and now it is sounded at 12 noon and 5 o'clock instead of 12 and 6 o'clock.

The old telephone directory is now obsolete, and in its place there is a new directory with every number changed. The new dial phone system went into operation at 8 o'clock this morning. There will be no telephone girl to answer "number please" and you will have to do your own calling. Just look up the name of the party you wish to call and the dial numbers accordingly. After removing the receiver, first listen for dial tone, a humming sound. Then you may dial the number you wish.

Saturday, October 21st, Coach Cornell's football squad played Onaway on the local gridiron. After the smoke of battle had cleared away Grayling was found to be

serched on the short end of a 20-0 count.

A whole page of newspaper dumped into one big "pie" isn't the kind of pie one enjoys. That's what we had for refreshment last Thursday afternoon. After printing about 50 copies on the last run of forms for last week's edition, the press was stopped for making a slight correction. Then the pressman forgot to lock the form in the press with the result when the press started rolling the loose page shot off the end of the press bed onto the floor. The form was completely pried and type, cuts, linotype slugs, rules and everything were piled into one big heap. No two letters or lines remained together. There were ready to finish printing the edition so that the papers would reach our readers in due time. There was only one thing to do and that was to start in and reset the entire page—the local page—make it up again and get it back onto the press. It was a big job for that time of day but by 8 that night it was ready for printing. This will explain why readers received their paper a day late. Only once before in our newspaper experience have we had such a catastrophe. It was more than 20 years ago that Carl Doron, while working in the Avalanche office, dropped a page while carrying it from the press, and this too was a huge pie. However, that time it happened after the edition had been printed, and only the result was that the type had to be sorted and returned to the cases one at a time, instead of in the orderly way it is done usually. That was in the days before this office had a linotype and each letter was separate.

Mrs. Floyd SanCartier entertained the ladies of the Just Us club at her home Wednesday evening.

Mrs. Louis Kessler, Mr. and Mrs. Jerome Kessler, Mrs. Thomas Cassidy and Mrs. Roy Trudgen attended the wedding of the

former's brother, William C. Cassidy of Midland, in Royal Oak, Tuesday morning. The bride was Dolores M. Bloesing of Detroit, and the ceremony was solemnized at the Shrine of the Little Flower at Royal Oak. EXCITING! GO '63 CHEVY II

SPUNKY NEW WAGONS THAT LEAD LONGER, HAPPIER LIVES

What a new kick you'll get out of going places in this one! And what a solvent feeling you'll get as the savings on upkeep mount! There's a full line of models, including three wagons. Basically, we've kept Chevy II's liveliness and roominess and easy loading ways. Kept its crisp looks, too (with a bit of freshening here and there). The changes we've made weren't for change's sake, you see—but for yours. Just for a sample: the brakes are self-adjusting. The new Delcotron generator gives you more electrical reserve power and helps your battery reach a vigorous old age. The Body by Fisher

beauty lasts longer, too; air pushes rain and wash water down through the rocker panels (where most rust begins!) in a clever new flush-and-dry system. The ride is smoother and quieter because of a large number of small improvements we've made. And things are a lot plusher inside. Now you've read this far, haven't you? Isn't that good evidence that Chevy II is made for you? The clincher will come when you take the wheel at your Chevrolet dealer's. The more people depend on

See four entirely different kinds of cars at your Chevrolet dealer's... Chevrolet, Chevy II, Corvair & Corvair.

Cold Weather Starting
The frost is on the pumpkins and it is time to make sure that your engine will keep turning over these frosty mornings as the temperature dips lower.
Just why low F. C. Welsh or temperatures make cars hard to start is not primarily because lubricants become sluggish as many drivers believe. Though this is one of the major causes of hard starting, the major trouble results from low battery output.
Engineering tests show that normal battery output taken at temperatures of 80 degrees drops 60 percent at zero. While this is happening the engine is getting harder to turn over, of course, and the combination makes for hard starting. There is insufficient charge for spark plug ignition, a situation that gets rapidly worse after two or three starting failures.
A minor tune-up is not costly and will probably be sufficient to put your car in shape for easy starting in the cold months to come. Our mechanics will check your battery for charge, clean and tighten terminals and will check your points and plugs.
Now is also the time to change to lighter grade oils that make starting easier and cover moving parts with protective lubrication on cold mornings. If your anti-freeze is left over from last year it is probably out of rust inhibitor and should be discarded. In any case it should be checked and brought up to strength. Drop in soon before the winterizing starts.

More In Crawford Co. Self-Employed

(Special to the Avalanche)

NEW YORK — How strong is the "be your own boss" urge in Crawford County? How many local residents are self-employed? How much do they earn, on the average?

Answers to these questions are provided, courtesy of the Department of Commerce, on the basis of data collected during the 1960 census.

They show that no less than 364 local residents are self-employed, their incomes coming from their own business, profession, trade or farm.

This compares with a total of 1,741 working for wages or salaries in enterprises owned by others. Included in this figure are all who had gainful employment during any part of the year.

Thus, it is shown, 17.2 percent of Crawford County's working population are self-employed.

The proportion is somewhat greater than in most parts of the United States, where 14.4 percent of the workers are in business for themselves. In the East North Central States the ratio is 14.1 percent.

P. T. A. News
"How Safe is Your School and City?" was the topic of the P. T. A. meeting at the local level on Saturday, Oct. 26th. Chief Harold Hatfield, Jr., who spoke on this subject at the local level, has an enviable record of school safety. This is due, however, more to pure luck than it is to safe practices.

According to Hatfield we cannot continue to avoid catastrophe as long as students (1) walk in the streets to and from school, (2) lack of sidewalks, and/or inadequate snow removal from existing sidewalks in the winter, (2) ride bicycles to and from school, (3) lack of uniformity in school uniforms, and (4) lack of complete control, (3) pour from the buildings and off in all directions with little thought for parked cars or proper use of crosswalks.

A film on safe driving edited by the Michigan State Police was also shown. It pointed out quite clearly exactly what safety is. Hatfield said simply that safety is everybody's business. We, as parents and responsible citizens, must teach and practice safety at home and not expect the Police Department or the school to assume all the responsibility.

Two of the most important things discussed at the business meeting were the P. T. A. Parent-Teacher Conferences and the possibility of Grayling sponsoring a foreign exchange student. President Wert asked Mrs. Don Koeb and Mrs. Joseph Smith to contact the various organizations in our city for support of this project.

At the dates of two interesting and educational meetings were announced. The Regional meeting of the Michigan Congress of Parents and Teachers at Alpena, on October 29th from 7 to 10 p. m., and the Parent Education Institute at the U. of M., Ann Arbor, on November 7th from 8:30 a. m. to 3:30 p. m. Anyone wishing to attend these meetings should contact Mrs. Jim Brown, 348-3941, before October 29th.

Refreshments following the meeting were served by the 8th grade mothers, Mrs. Whitney Madsen and Mrs. Ray Elsey on committee.
